

 TENNIS ORGANISATION

IUTL

Irish University Tennis League

WHAT IS THE IUTL?

Irish University Tennis League

01

Established with a vision to unite universities through the love of tennis, the Irish University Tennis League (IUTL) stands as a beacon of sportsmanship and collegiate athletics in Ireland.

02

As a premier organization dedicated to promoting tennis at the university level, we strive to create an inclusive and competitive environment where students from across the nation can come together to showcase their passion for the sport.

03

With a commitment to excellence and community, IUTL serves as a platform for aspiring student-athletes to hone their skills, build meaningful connections, and embark on a journey of athletic discovery.

RULES

01

Every participating university competes against each other. One university acts as the host, the other as the quest.

02

Each match consists of a total of six games: four single matches and two double matches.

03

Matches are played following the best-of-three sets format.

04

In the event of a tie with a score of 3:3 between the clubs, the team that has won more sets overall emerges victorious.

05

Should the sets won be equal, a tiebreak set is played between two nominated players to determine the winner.

06

A crucial regulation mandates that no player can participate in more than one match during a single day of competition.

HOW TO APPLY

Irish university tennis clubs can easily register their teams through our website's designated link to a Google Form.

Simply enter your university's name, along with the details of your team captain and the names of the eight players who will represent your institution in the league.
